## About Me

, Motivated and curious BSc Computer Science student with a strong foundation in Python and real-world experience in leading roles. Proven ability to handle responsibility, collaborate effectively, and self-learn technical skills. Passionate about solving problems using code, building smart tools, and continuously improving.

## Education

2024–2027 **BSc in Computer Science**, Gisma University of Applied Sciences, Berlin, Germany

- Relevant coursework: Data Structures and Algorithms, Python Programming, Databases and Big Data, Computer Networks.
- Gained practical experience in Python, and basic SQL through assignments and personal projects.

Expected graduation in 2027.

2021–2023 **High School**, Greenway Modern School, Delhi, India

Computer Science Student

## Technical Skills

Languages Python, SQL, Data Structures, CSS

Frameworks React, Node.js, Bootstrap

Tools Git, GitHub, LaTeX, Visual Studio Code

## Projects

2025 **Library Management System**

Built a Python CLI library management system with OOP, featuring book/member management, borrowing/returning, and real-time status tracking: <https://github.com/AkshatJain200515/Library-Management-System>

2023 **Voice Assistant**

Developed a voice assistant Using Different Modules of Python, which recognizes the voice of the user and gives real-time results (Temperature, Weather, etc). Also, won 2nd prize in the competition:
